Submissions & Registration

Registration, abstract and paper submissions can be done on the conference website:

www.ssb2018.ulg.ac.be

Proceedings

The proceedings will be published in a book after the conference. Authors of selected papers will be invited to submit an expanded version of their papers in « Building Simulation : An International Journal » or « Journal of Building Performance Simulation ».

Conference Topics

High quality contributions about modeling (including experimental validation) and simulation in the following topics are welcome:

- Innovative heating and cooling production systems
- Innovative ventilation systems
- Integration of renewable energy into buildings
- Building energy storage systems
- Innovative HVAC control systems
- Near zero-energy buildings
- Building flexibility and integration of buildings in smart energy grids

Scientific Committee

Conference chairman: Lemort Vincent (Be)

Scientific committee chairman: André Philippe (Be)

Members: Bertagnolio Stéphane (Be), Braun Jim (US), Corgnati Stefano (It), Cuevas Barraza Cristian (Ci), De Paepe Michel (Be), Fissore Adelqui (Ci), Frère Marc (Be), Heiselberg Per (Da), Helsen Lieve (Be), Jianjun Xia (Ch), Kummert Michaël (Ca), Lebrun Jean (Be), Madjidi Madjid (De), Masy Gabrielle (Be), Quoilin Sylvain (Be), Saelens Dirk (Be), Stabat Pascal (Fr), Thomas Sébastien (Be), Wolfram Stephan (De), Xiaohua Liu (Ch), Zoughaib Assaad (Fr).

Scope of the Conference

Organized every four years since 1982, the SSB conference is an opportunity for researchers and specialists in Building and HVAC systems simulation to present high quality papers and attend sessions and discussions on last developments and progresses in this challenging and evolving sector.

Conference Venue

The conference will be held in the city center of Liege in Belgium.

Calendar
